## VALID ASYLUM TEMPORARY VISA SCANNING

When a visitor requests access to an estate, a South Africa ID or Driver's Licence card is normally provided to grant the required access. However, in some instances, visitors only have a Temporary Visa or Asylum Document for identification purposes.

The latest Openitem update allows for visitors to scan their identity via their Asylum Docs. Our System checks the validity of the document and the Term or Expiry date of the visitor. Thus, enforcing strict access to valid Visa Holders only.

### BENEFITS AND FEATURES

- **Scans Section 22 to check its validity.**
- **Expiry Date Review:** We will verify that your document is not expired.
- **Home Affairs Integration:** Details cross-referenced with Home Affairs to confirm authenticity.
